Dear Ivan,

Go4 Growth Competition Winners

Congratulations are due to you and your team at LPM Reinforcing on being declared a winner of the Go4Growth competition for 2008. Your prize, a SAP Business One solution, is an excellent award for a rapidly growing business. LPM is a deserving winner considering the significant business growth your company has achieved over the past year while on the SAP Growth Support programme. The transformation we have witnessed is spectacular as any visitors to your company's yard will attest.

LPM Reinforcing is most certainly considered by us to be in the forefront of re-defining service delivery within the reinforcing steel sector of Gauteng. I look forward to an even broader impact as your company's influence extends to other areas in South Africa and the region – and as you continue to place customer service at the top of your agenda.

BusinessEdge is proud to be associated with LPM Reinforcing and we are the privileged to have supported your team during the delivery of SAP's Growth Support service during 2008. We feel truly gratified when our SAP Growth Support programme participants are selected as Go4Growth winners.

Once again, congratulations – and best wishes for all your company's future plans.

Yours faithfully,

Graham Perry
